

"FCC is going to make a decision this month on MANDATING a "broadcast flag" in HDTV broadcasts as well as FORCING consumer electronics manufacturers to include copy protection circuitry in ALL video related CE devices or they will not run in full HD resolution."--

                  this is not unjust and unfair. This is a criminal act trying to extort more money out of the average working population. When is enough going to be enough? Do you really think it's going to last? I believe for once you've gone too far...
